Version A

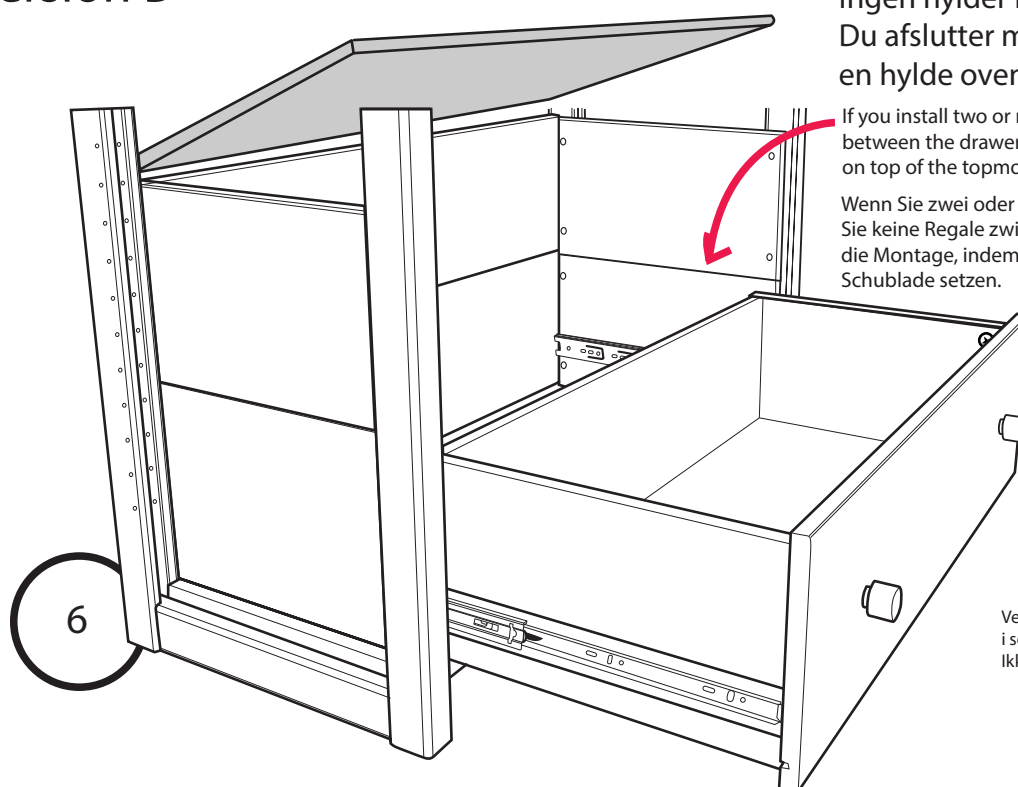

Hvis du kun monterer en skuffe afslutter du med at placere en hyld ovenpå skuffen.

If you are only installing one drawer, finish by placing a shelf on top of the drawer.

Wenn Sie nur eine Schublade montieren, beenden Sie die Montage, indem Sie ein Boden über der Schublade platzieren.

Version B

Hvis du monterer to eller flere skuffer Ingen hylder imellem skufferne! Du afslutter med at placere KUN en hyld ovenpå den øverste skuffe.

If you install two or more drawers, do not place any shelves between the drawers! You finish by placing ONLY one shelf on top of the topmost drawer.

Wenn Sie zwei oder mehr Schubladen montieren, setzen Sie keine Regale zwischen die Schubladen! Beenden Sie die Montage, indem Sie NUR ein Boden auf die oberste Schublade setzen.
